## THE CLOSING QUOTATIONS OF MONEY.

Offerings and Sales at the Richmond Tobacco Exchange—Internal Revenue Collections—Foreign Advices.

NEW YORK, March 10.—Money on call has been active, ranging from 160 per cent., last at 6 per cent., and closing offered at 6 per cent.; prime morning paper, 687 per cent. Sterling exchange, dull and steady; posted rates, \$104.85; commercial bills, 4.8494-86%; Government bonds fractionally lower for the day. State bonds neglected; railroad bonds, dull and lower.

The stock market was unsettled again today. Prices were lower during the morning, but rallied sharply after 1 o'clock. The upward movement was checked by the sales for both long and short accounts. In a majority of the railroad shares the fluctuations during the entire day were confined within a range of 40-45 per cent. Among the exceptions were the coal stocks, which declined 5-62 per cent., and afterwards partially recovered. The great feature of the day was the weakness of Industrials, in which the bears labored strenuously to force liquidation. American tobacco declined 1-16; American sugar, 1%; and cotton oil, distilling and cattle-feed, 1-15% per cent. A sharp drive was made in general electric, which dropped 5 to 66, rallied to 1014, and still later sold down to 902. The market closed week. Sales—Listed stocks, 225,000; unlisted, 64,000 shares.
